

GOD SAVE THE KING

Lyrics

[Intro: A-Reece]

(Nigga, we going in)

(Yo yo yo yo yo)

Yeah

Hahahaha

(Baby Boy and Logical Rhymez)

Niggas playin' with me man!

Yeah

[Verse 1: A-Reece]

Self employed, put myself in charge (CEO)

It's about how much I got and not how much I charge (Pussy)

You shouldn't even be involved in this thing of ours

This ain't body art, it's war paint over these battle scars (Woo)

It's best you niggas keep them songs you workin' on

We heard it all, supposed to nod my heard but I'm just nodding off

What's a king to a god? 'Cause I'm the reason niggas rap this way

The devil don't create, he just manipulates, yeah

So look who came to work today

Ironic how niggas would sell their souls just to get some praise

But they could never master what my method is (Never, uh)

They recite my verses like a Methodist

Can't stop this, you're gonna have to break a leg and see (Uh)

Down for whatever when it comes down to the legacy, yah

Yeah my family depends on me as I cast away demonios

The money's saying "Ven aqui" (Yeah)

[Chorus: A-Reece]

God save the king

God save the king

Bow, kiss the ring

God save the king (Yeah)

God save the king

God save the king

Bow, kiss the ring

God save the king (Yeah)

God save the king
God save the king
Bow, kiss the ring
God save the uh

[Refrain: A-Reece]

(Let it breathe)
Hahaha, yeah
(Right, haha)

[Verse 2: A-Reece]

Young black nigga, white neighbours (White neighbours)
Came a long way from smokin' white paper (White paper)
Plug callin' 'cause he know I'm bouta order somethin' (Yah)
And he know I'm gettin' more than just a quarter of it
Niggas in they thirties tryna start some beef again (Here we go)
When there's kids as young as ten at war in South Sudan (Yeah)
Devil had a hold on me, now I'm finally breakin' free
Only God can save the king (Yah)

[Chorus: A-Reece]

God save the king
God save the king
Bow, kiss the ring
God save the king (That's right nigga)
God save the king
God save the king
Bow, kiss the ring
God save the king (Yeah)
(There's only one God, there's only one king)
God save the king
God save the king
Bow, kiss the ring
God save the uh (Yeah)

[Outro: A-Reece]

Haha
Yeah
(It's me nigga!)
Yeah they know it's me
Logical Rhymez on the fuckin' beat
Let that shit breathe

-THE END -
